

Since 1957, Buchanan Sales Company has been creating and maintaining long-term win-win relationships between our customers and our manufacturers in the areas of:

CASTINGS & FORGINGS

Iron Casting: Gray, Ductile, Hi SiMo, Austempered	Forgings
Die Casting: Aluminum, Magnesium and Zinc	Centrifugal: Steel and High Alloy and Ductile
Investment Casting: Stainless Steel, Steel, and Brass	Sand Casting: Aluminum, Zinc, Steel, High Alloys
Permanent Mold: Aluminum, Copper, Brass	Powdered Metal: Conventional & Multi-Level Parts
Plaster Casting: Aluminum and Zinc	MIM (Metal Injection Molding)
3D Printed Sand Molds – Various Metals	Graphite Molds: ZA-12 Alloy

MACHINING

Screw Machining: Swiss, Single Spindle, Multi-Spindle
High Volume Precision Machining: Hydromat, Schütte, Euroturn, Gital
CNC Machining: Vertical, Horizontal, Turning, EDM

METAL FORMING

Springs and Wire Forms/4-Slide	Short Run Stamping (Station to Station)
Rapid Prototyping	Photo-Etching
Sheet Metal Fabrications	Laser and Water-Jet

PLASTICS

Precision Injection Molding	Vacuum Thermoforming
Fabricating/Machining & Resin Casting	Thermoset Molding
Rapid Prototyping	High Performance Plastics (Torlon)

ELECTRONICS

PCB Assembly and repair and box build	Cable Assembly: Low to High Volume
---------------------------------------	------------------------------------

ADDITIVE MANUFACTURING

Metal – DMLS (Direct Metal Laser Sinter)	Plastics – SLA, FDM, PolyJet, SLS, Multi Jet Fusion
--	---

SPECIAL PROCESS

Magnesium Thixomolding	Paint & Laser Etch
SFR (Stress Free Recessing) – an Electrochemical Machining Process	

When you need Custom Engineered Components & Assemblies please forward your drawings and specifications to Buchanan Sales Company.

Please e-mail drawings to sales@buchanansalesco.com
